

Year 1 Trip to the RAF Museum

At the end of last half term Year 1 went on their first ever school trip, visiting the RAF Museum.

We set off at 9:00 am with so much excitement about seeing all the aircraft at the museum and about experiencing a trip for the first time with our friends.

We marched our way through Colindale Park looking out for trains and talking about all the places we knew along the way.

At the museum, each class had time to look through all the different hangars and took part in a fabulous workshop where we learnt about how aircraft has changed over time.

We learnt about which materials airplanes were made from 100 years ago. We also learnt about the Red Arrows and how they have jet engines! Finally, we got to fly a glider in a race with our friends.

We were really looking forward to lunch as we were so hungry after all of our walking and learning.

Some of us even got to play in the brand-new children's playground which had slides coming out of airplanes.

On the way home all the adults surprised us with a visit to the playground in Colindale Park. We had so much fun playing together on the swings, the roundabout, and climbing the 'mountain'.

Everyone had a wonderful time, and we can't wait to go on our next school trip!
