Friday 11<sup>th</sup> September 2020

Dear Parents & Carers,

The children have now been back for just over a week and I am writing to let you know how they have settled in. It was wonderful to see almost all our Year 1 children return to school from the first day. Whilst not attending school during lockdown and during the summer holidays it was clear to see they had been looked after tremendously well at home during this very difficult time.

The children returned to school enthusiastic to learn and to see their friends and teachers. Over the last week they have been fantastic at following new rules such as the one way system around school; washing their hands frequently; being very sensible when going to the toilet; and learning how to stay within their own classroom. The Year 1 team and I have been most impressed by how the children have so quickly adjusted to their new classes and classrooms. Furthermore, they have learnt that they must try and keep a safe distance from the adults where possible and understand that their class is a 'bubble' which helps protect them and others. During playtimes and lunchtimes, they have learnt to use only the space outside which they are allocated and understand that at these times their 'bubble' extends to the year group. Their behaviour has been fantastic, and we have all been impressed with how well they have retained what was taught in Reception as well as how they have made progress whilst being at home too.

I would like to take this opportunity to thank you for all the support you have given your children and the school. From speaking to the children and to their Reception teachers, it was clear to see they had been working hard at home to complete home learning but had also felt secure and happy whilst they were unable to attend school. If you have any further queries or concerns, please speak to the class teachers or me.

Many thanks

Miss N Parmar  
Assistant Head for KS1
