

Head Teacher: Lucy Rodgers

Deputy Head: Wendy Wayland

Dear Parents and Carers,

During these unprecedented times, life is looking and feeling very different for us all. The lockdown has brought about huge changes to our everyday lives and we are all finding different ways to face these new challenges. It is difficult to imagine that we are currently living through a time that will be learnt about for years to come. People in the future will want to know about our lives and what it was like for us during the lockdown.

This is why we would like to collect a variety of lockdown memories from the children. This is to document what life is currently like for people who form our school community. It is also an opportunity for your children to share their personal experiences and teach future children about their lives.

You can contribute by sending photos/videos of:

- **your children's rainbow pictures or other artwork to thank key workers**
- **indoor activities such as baking, music and arts & crafts**
- **your community coming together such as people helping each other**
- **keeping fit and active indoors**
- **communicating with friends and family**
- **clapping for carers**
- **religious worship and celebrations at home such as Easter and Ramadan**
- **VE Day celebrations**
- **birthdays**

The children will also be given lockdown memory tasks to complete as part of their topic work so look out for these tasks in the weekly home learning lessons.

We would like you to send all contributions to your child's teacher using the year group email with the subject heading of '**Lockdown Memories**'. Please include a short description of what you are sending in the email.

Once your children's contributions have been collected, we shall be turning them into a resource that can be used in future history lessons. This would become valuable historical evidence of the lives of children in our school.

We look forward to receiving your lockdown memories.

Thank you for your support.
