Exciting News

Mrs Syed has left Colindale for a while to have her baby who is due very soon. We all wish her and her family well, and look forward to sharing her news with you. If Mrs Syed is your child's key person, you can speak to Mrs Walsh about their progress, as she will be responsible for them for the remainder of the term.

Weather

Wow! We are having some wonderful weather! Thank you for ensuring your children have a hat and suntan lotion on. However, the weather is very changeable and it could be lovely and sunny when you leave home and raining when you get to school. Please send your child in with a waterproof coat each day and sensible shoes.

Water

In the Nursery, we have water and milk available for the children to drink throughout the session so there is no need to bring in a bottle of water for your child.

Jewellery

Can we remind you that children should not have painted nails or wear jewellery for school (unless it is for religious purposes). All earrings should be studs to avoid accidents.

Junk

We are always looking for small boxes, lids, yoghurt pots, buttons etc to add to the children's creative station. Please donate anything you think we can use, but be aware that we are a nut free school and can't accept boxes from nut based products.

Learning

The children are currently learning about the life cycles of frogs and butterflies; how to care for the small and delicate creatures and how fascinating they are. Please talk to them at home about caring for minibeasts and other creatures when you are out and about or in the garden.

The children are also really enjoying water play outside. Last week they were interested in pirate small world play. This has led to them learning how to share treasure and count it carefully to make sure they have the same.

They are also keen to learn how to keep the score when playing games like bowling.
