

# Colindale School Nursery Newsletter

January 2018

## Rabbits

If you have any leftover raw vegetables you could give them to us for the rabbits. They like cabbage, sprouts, spinach, herbs etc. However, they are not keen on lettuce, peppers and carrots. Thank you

## Buggies and push chairs

It has been brought to my attention that some parents have been leaving buggies/ push chairs outside the School's main entrance after dropping their child into Nursery. Please could you either store buggies in the sheltered buggy park at the top of the carpark or take them home with you. Thank you

## Stay and Play

'Stay and Play' is every Thursday from 8.30am to 9.15am and 12.15pm to 1pm. It will be great to see you if you can come to the sessions.

## Focus weeks

We will be starting focus weeks again soon. During a child's focus week we will be working with them specifically on their targets of which you will be given a copy.

## Before you throw it away

If you have any obsolete mobile phones, keys, old buttons, baby powder scoops, milk bottle lids, yoghurt pots, children's socks, underpants, we could use them.

## Learning

The children are enjoying using the hairdressers and the office outside for role play. We have been storytelling with props from the story of 'The Gingerbread Man' and using different characters to change the story. The children loved making gingerbread and were commenting on the smell and taste.

We have been extending our use of technology. The children are learning to operate digital cameras and laptops (soon they will be teaching us). We have also been looking for numbers in the environment. It is important for children to understand why we use numbers to help us organise our life e.g. bus numbers, car number plates, telephone numbers etc.

## Exciting News

We would like to officially inform you that Mrs Syed is expecting her first baby in May. We are all very excited for her. As you probably know, chicken pox can be a danger to the development of unborn babies. Please keep an eye out for rashes on your child and let us know as soon as possible if your child has chicken pox so that we can inform mothers who may be pregnant.

Mrs Walsh, Mr Mealy, Mrs Warren and Mrs Syed
