Summary Statement

The results of our recent Parents & Carers Questionnaire are very positive with over 90% of respondents agreeing to the following statements:-

My child is happy at this school (99%)

My child feels safe at this school (99%)

My child is well looked after at this school (99%)

I receive valuable information from this school about my child's progress (97%)

My child makes good progress at this school (96%)

My child is taught well at this school (96%)

This school is well led and managed (95%)

I would recommend this school to another parent (93%)

My child receives appropriate homework for their age (92%)

The school ensures pupils are well behaved (92%)

We fell just short of the 90% threshold of agreement in response to the statement ***"This school responds well to any concern I raise"*** however only 1% disagreed with the statement. It is possible that the respondents who felt unable to offer an opinion to this question have not had reason to raise any concerns.

Sadly 5% disagreed with the statement ***"This school deals effectively with bullying"***. Colindale Primary School has already responded to these concerns and, with much input from pupils via the School Council, is currently in the process of producing a new Anti-Bullying Policy which will be available to view on our website once produced.

Please be assured we are working hard to ensure that we have 100% agreement from our Parents & Carers to the statements within our Questionnaire. The views of our Parents & Carers are very important to us so we thank those who responded to our questionnaire.
