

Year 2 **Natural World** Home Learning Activities

<p>Science Create a life cycle of an animal of your choice. You could draw it, paint it, make a collage or write about it!</p> 	<p>History Create a fact sheet about the life and work of Mary Anning.</p> 	<p>Geography Create a poster about physical and human features of your local area.</p> 	<p>Art Use natural materials to create a picture such as leaves, sticks, sand.</p> 
<p>DT Create a journey stick palette as you take a walk through a park. Collect all different materials you might encounter. It will be a fun nature activity to help you learn about nature and the environment.</p> 	<p>Computing Create a poster about being smart on the Internet. https://www.childnet.com/ ***** If you have a camera, go out into the garden or go down to the park and see how many pictures you can take of plants, birds and insects.</p> 	<p>RE Think of a special occasion which you and your family celebrate. Draw a picture and write sentences to describe how you celebrate.</p> 	<p>PSHE Create a menu of only natural foods <u>Challenge</u>: can you cook a tasty meal only including natural foods? Ask help from an adult and take some pictures to show your class.</p> 
<p>PE Practise a variety of stretches and develop core strength by having a go at some yoga. Watch the link below!</p>  <p>‘Stella the stick insect- Cosmic kids yoga’- https://www.youtube.com/watch?v=wBdMZMEKq-s</p>	<p>RRSA Article 19 The right to protection from violence, abuse, neglect and bad treatment by people looking after them.</p> <p>What could happen to a child if people did not look after them properly? Talk to your parents about it.</p> <p style="text-align: center;">Choose 1 activity each week to complete at home. You can bring your completed work to school, where it will be displayed in your classroom.</p>
