

Year 6 Rainforest Home Learning

Science Research the functions of the heart and create a presentation about it. You could do this on Word, PowerPoint or make a poster.

PARTS OF THE HEART AND THEIR FUNCTIONS

History Find out about the indigenous people of the Amazon rainforest. How have their lives changed over time? What caused these changes?

Geography

Using an Atlas, create a map of

South America and locate the different countries. Identify any

countries that have a rainforest and mark these on your map using a key.

Art

Research the artist Henry Rousseau and create a fact file. Annotate an image of Rousseau's stating what you like and dislike about it.

DT Make your own research to design and plan a model of a rainforest home. Select from and use a range of materials, tools and equipment to construct a model of a rainforest home. Be creative when choosing

your materials and always remember that you can upcycle old and unused objects that you

have at home.

Computing Create a poster about being smart on the Internet.

<https://www.childnet.com/>

Coding for kids.

Download software for free.

RE Research different religious viewpoints on the deforestation of the rainforest. Think about why they have this viewpoint. Be ready to discuss what you have found out.

PSHE

Below are different types of government. Write a definition for each. 1) Write a list of countries where this type of government exists/existed. 2) Write the positives and negatives of each government - Democracy, Communist, Autocracy/Dictatorship

RRSA Article 27 The right to a good standard of living that meets a child's social and physical needs and support development.

Discuss what we mean by standard of living.

PE Listen to the music below. Imagine you are trekking through a rainforest. Create a dance sequence to show your journey. Think about how you would move through a rainforest and your facial expressions.
