Family Support / 0-19 Hub Support

We are able to provide advice and guidance in a variety of ways. The experienced hub practitioners and staff can visit you at home, provide telephone contact and or arrange meetings at the centre. Specialist support includes 0-19 behaviour management, housing, benefits, breast feeding, weaning, sleep routines, toileting and healthy lifestyles. Referrals to external services are available.

Speech & Language Assistants attending universal groups

The Speech and Language Assistant will carry out an observation of your child in a natural play session and provides advice, guidance, reassurance and strategies. The service acts as a 'triage' and a gateway to individual assessment by a Speech and Language Therapist if required. If your child attends a nursery, the nursery will be requested to complete the referral to the Speech and Language Therapy Service. Children can also be referred following checks by Health Visitors and GPs. Please contact your local Children's Centre for dates and times.
